Rajath B Kulal

Bengaluru, Karnataka — +91 9663150464 — rajath.b.k@campusuvce.in — LinkedIn — Portfolio

EDUCATION

B.Tech in Electrical and Electronics Engineering December 2022 - June 2026
University of Visvesvaraya College of Engineering(UVCE). CGPA: 7.2

EXPERIENCE

DeepMatrix – GIS Intern Bengaluru — Apr 2026 – Jul 2026

- Processed geospatial and telecom mapping data using GIS tools and drone imagery.
- Performed 3D classification, data validation, and quality assurance to ensure accurate AI training datasets.
- Prepared technical reports and tracked project progress using Microsoft Excel.
- Collaborated with cross-functional teams to resolve data inconsistencies and ensure timely project completion.
- Analyzed datasets to identify inconsistencies and improve data quality.

Skills Learned: Microsoft Excel, Drone Image Analysis, GIS Mapping, Data Validation, Quality Assurance, Technical Reporting, and Project Coordination.

PROJECTS

GreenWheel – EV Bike Rental App Figma, UI/UX Design

- Designed a user-friendly mobile application for electric bike rentals, focusing on intuitive navigation and seamless booking.
- Created wireframes and UI screens for login, bike discovery, vehicle details, booking and profile management.
- Applied visual hierarchy, typography, colour theory and responsive design principles to improve usability.

Udupi Hotel – Restaurant Website Figma, UI/UX Design

- Designing a restaurant website to improve online visibility and enable customers to explore menus and access direct ordering.
- Developing UI layouts for homepage, food menu, product details, cart and contact pages.
- Applying wireframing, visual hierarchy, typography and responsive design principles for an intuitive user experience.

Smart Energy Management System React.js, Node.js, Express.js, MySQL, JWT

- Developed a full-stack web application for monitoring electrical appliances, energy consumption and estimated electricity costs.
- Implemented JWT authentication and RESTful APIs for user authentication and appliance management.
- Built responsive dashboards using React.js and integrated MySQL for data storage and management.

TECHNICAL SKILLS

Design Tools:	Figma, Wireframing, Prototyping, Auto Layout
UI Design:	Visual Hierarchy, Typography, Colour Theory, Layout Design, Spacing
UX Design:	User Flows, User-Centred Design, Usability Principles
Design Systems:	Components, Variants, Grids, Responsive Design, Mobile-First Design
Programming Languages:	Java, Python (Basics), JavaScript, SQL
Technical and Development:	HTML, CSS, React.js, MySQL,Computer Networks, DBMS, GitHub,

CERTIFICATIONS / TRAININGS

Infosys – Soft Skills Development Program
Completed training in professional communication, business etiquette, and interpersonal skills

Campus Champ – Technical Skills Program
Improved aptitude, logical reasoning, and quantitative skills. Learned fundamentals of Analog Digital Electronics, VLSI, and Control Systems
